

# Recovery Door – Double Door and Double Door with Locking Header Set

Shank's® Recovery Stall Doors are specialty doors that are designed to withstand the rigors of large animal recovery. The Double Door is a two-panel set. The doors are hot dip galvanized and all pins are stainless steel.

## Double Door (Fig. 1 and 2)

- 2" square tube frame
- 14 ga. sheet metal covering (inside face of door only)
- Upper and lower deadbolt locks (stainless steel pins)
- Continuous flat metal hinge plate with four (4) heavy duty pins
- Building structure above door opening required for installation and mounting of upper pin plate

## Double Door with Locking Header Set (Fig. 3 and 4)

- 2" square tube frame
- 14 ga. sheet metal covering (inside face of door only)
- Upper and lower deadbolt locks (stainless steel pins)
- Continuous flat metal hinge plate with four (4) heavy duty pins
- Locking header set to receive upper deadbolt pins, and to allow for open area about door for movement of chain hoist (see drawing below right)

## Optional Custom features

- View opening (6" x 6" / 15cm x 15cm)
- Escape door (30" x 48")
- Notch cutout for hoist rail
- Custom paint color
